О Семинаре АСЕМ

Международный департамент информирует о том, что в период с 25 по 26 апреля 2018 г. в Риге (Латвия) состоится семинар на тему «Профессионально-техническое образование и подготовка кадров» (далее – семинар).

В ходе мероприятия особый упор предполагается сделать на вопросах привлечение представителей сферы производства к организации образовательного процесса, профессиональной подготовке и повышению квалификации кадров, а также участию в развитии международного сотрудничества в области профессионально-технического образования.

Рабочий язык семинара английский. Регистрация открыта до 30 марта 2018 года и осуществляется участниками самостоятельно.

Просим распространить данную информацию среди заинтересованных лиц и с возможных участников сообщить, в том числе и по электронному адресу: reshetnikova-en@mon.gov.ru, не позднее 2 апреля 2018 года.

Приложение: на 3 л. в 1 экз.

Asia – Europe (ASEM) Education Ministers' Meeting

Vocational Education and Training Initiative

(proposed by Latvia in 2015 during ASEMME5)

Date: April 25-26, 2018

Riga, Latvia

Venue: Grand Poet Hotel by Semarah Hotels

Referring to the 5th ASEM Education Ministers' Meeting (ASEMME5) Riga, 27-28 April 2015 ASEM Education Collaboration for Results – Conclusions¹ by the Chair as well as emphasising the importance of VET during the 6th ASEM Education Ministers' Meeting “Collaboration for the Next Decade: From Common Perspectives to Effective Fulfilment” Conclusions by the Chair, paragraph 34:

34. Welcomed Latvia's initiative to promote a dialogue on sharing best practices and future perspectives in TVET in order to encourage collaboration and partnership between ASEM partners in the TVET framework in close cooperation with Austria, Brunei Darussalam, Belgium (Flemish Community), France, Germany, Indonesia, the Philippines and the Russian Federation. The Ministers invited other ASEM partners and relevant stakeholders to participate in this initiative.

Latvia proposes to organise a seminar – **ASEM Technical and Vocational Education and Training.**

Goal of the Seminar: To exchange the best practices on TVET policies in ASEM countries through dialogue, specifically focusing on presenting examples of involvement of industry in TVET planning, education and training process, skills development and international cooperation.

Participants: Representatives from all ASEM countries representing ministries, agencies, or stakeholder organizations.

Expected results: Exchange of practices between participants of the seminar from European and Asian countries on topical matters related to the TVET developments in policy planning and methodology areas. Possibly, there can be conclusions drawn from the meeting to be presented to all ASEM countries.
