

## V INTERNATIONAL SYMPOSIUM INNOVATIONS IN LIFE SCIENCES

### *Second information letter*

*Dear colleagues!*

*Belgorod State National Research University (Russia),*

*Dezhou University (China),*

*Tashkent Pharmaceutical Institute (Uzbekistan)*

*invite you to participate in the anniversary*

*V International Symposium «INNOVATIONS IN LIFE SCIENCES».*

The symposium will be held at the Federal State Autonomous Educational Institution of Higher Education «Belgorod State National Research University» (Belgorod) on **May 24-26, 2023** in a combined format (offline and online).

The symposium includes a number of scientific events (conferences, round tables, seminars, open lectures).

### *The main directions of the symposium:*

- Fundamental and applied aspects of biotechnology and microbiology;
- Innovative food industry technologies;
- Modern technologies in biodiversity research and plant introduction;
- Current issues of modern biology;
- Chemical and pharmaceutical cluster: education, science, production.

A school for young researchers "**Science of the 21st century: opportunities and innovative solutions**" (with the issuance of a participation certificate) is planned as part of the symposium. It will be held in the Botanical Garden of the NRU "BelSU".

### *Key dates:*

**May 15, 2023** – deadline for registration and submission of abstracts;

**May 24, 2023** – arrival of participants, opening of the symposium, plenary session;

**May 25, 2023** – sectional meetings;

**May 26, 2023** – the school of young researchers, departure of participants.

*Symposium languages:* Russian, English.

Based on the results of the symposium, *a collection of abstracts* will be published. It will be included in the *RSCI system* (Russian Science Citation Index).

*Abstracts of reports* (up to 2 pages, .doc format) for publication in the collection of the symposium, as well as a completed *registration form*, are submitted by the authors *on the symposium website* - <https://ils2023.bsu.edu.ru/ils2023/en/> . Instructions for working with the site and the rules for preparing abstracts can be found in the appendices to this letter.

The initial selection of materials is carried out by the organizing committee. Then the abstracts will be reviewed. The organizing committee does not plan to edit the abstracts or return them for revision.

*The program of the symposium and the electronic collection of abstracts* will be published and available for download on the website <https://ils2023.bsu.edu.ru/ils2023/en/> after the end of the symposium.
